Changing the World One Classroom at a Time

WELCOME TO SANFORD HARMONY!
As a Harmony educator, you are joining a movement to make a difference in the lives of students. Our Roadmap provides a variety of support and resources that will ensure successful Harmony implementation.

SANFORD HARMONY TRAINING OPTIONS
All Harmony trainings provide opportunities for educators to practice strategies and learn how to successfully use the grade-level thematic lessons and activities.

- **TRAIN-THE-TRAINERS** (Available upon request)
  Our train-the-trainer model provides school and district leaders with the information, strategies, and resources to facilitate Harmony trainings at their own locations. (3-4 hours)

- **ONLINE TRAINING**
  Online training is conducted through the Harmony Professional Learning Library via recorded training sessions with a virtual instructor. Online training is available for group and individual training. (Self-paced)

- **ON-SITE TRAINING** (Available in limited areas with a minimum of 20-25 participants)
  A certified Harmony trainer will provide on-site training for your school or district. (2.5-3 hours)
