Summer TA Network Project

It may feel like summer just ended, but now is the best time to starting planning for next year!
Summer programs have the potential to improve academic achievement and learning readiness for participating children and youth. Begin developing your program with **tools** developed by leaders in the summer programming field, **training**, and **technical assistance**!

The Summer TA Network Project

strengthens the capacity of out-school time and expanded learning programs to deliver high quality summer programming.

Enroll Today!

Programs will receive:

7 hours of training

Program Assessment, Quality Improvement Plan and other tools to implement

14 hours of technical assistance

Project Highlights:

*"**We used to** run our supplemental summer program too much like our ASP"*

*"**And now we** will use the tools provided to add more creativity, more educational activities, and more community support to give the summer program its own 'feel'"*

*Source: Training evaluation, n=67; Percentage of participants who reported "Agree" to "Strongly Agree" when asked to rate on a 1-5 scale to understanding standards of quality summer programs; 1 = "Strongly disagree," 5 = "Strongly agree."
